The Junior-Senior Prom 1968 was a fairy tale affair. The theme was "Through The Looking Glass." The beginning of the entrance was like a mirror and after passing through the mirror the guests proceeded down a corridor of doors finally emerging into Wonderland. A huge paper-mache Alice in the middle of the dance floor reigned over the festivities. Other characters from "Alice In Wonderland" were also constructed by the Junior Class. The night of April 20 was truly an enchanted evening for all who attended the prom.

THE SEAMAN 1968
IS
DEDICATED TO THE MEMORY
OF
MR. JOHN EDWARDS

We pause at this time in memory of Mr. John Edwards, who served Seaman on the board of education for six years. He was secretary of the Seaman rural board from 1962 until the unification in 1965, when he became vice-president of the unified board. He held that office until his death on January 1, 1968. Mr. Edwards took a great interest in all of the activities of students in the district, and he was always a familiar face at school functions. Mr. Edwards was involved in a great many community activities benefiting children. Among the organizations he actively supported are the YMCA, Boy Scouts, Sunday school, and Kiwanis. He will be missed by the whole community.

GUIDANCE

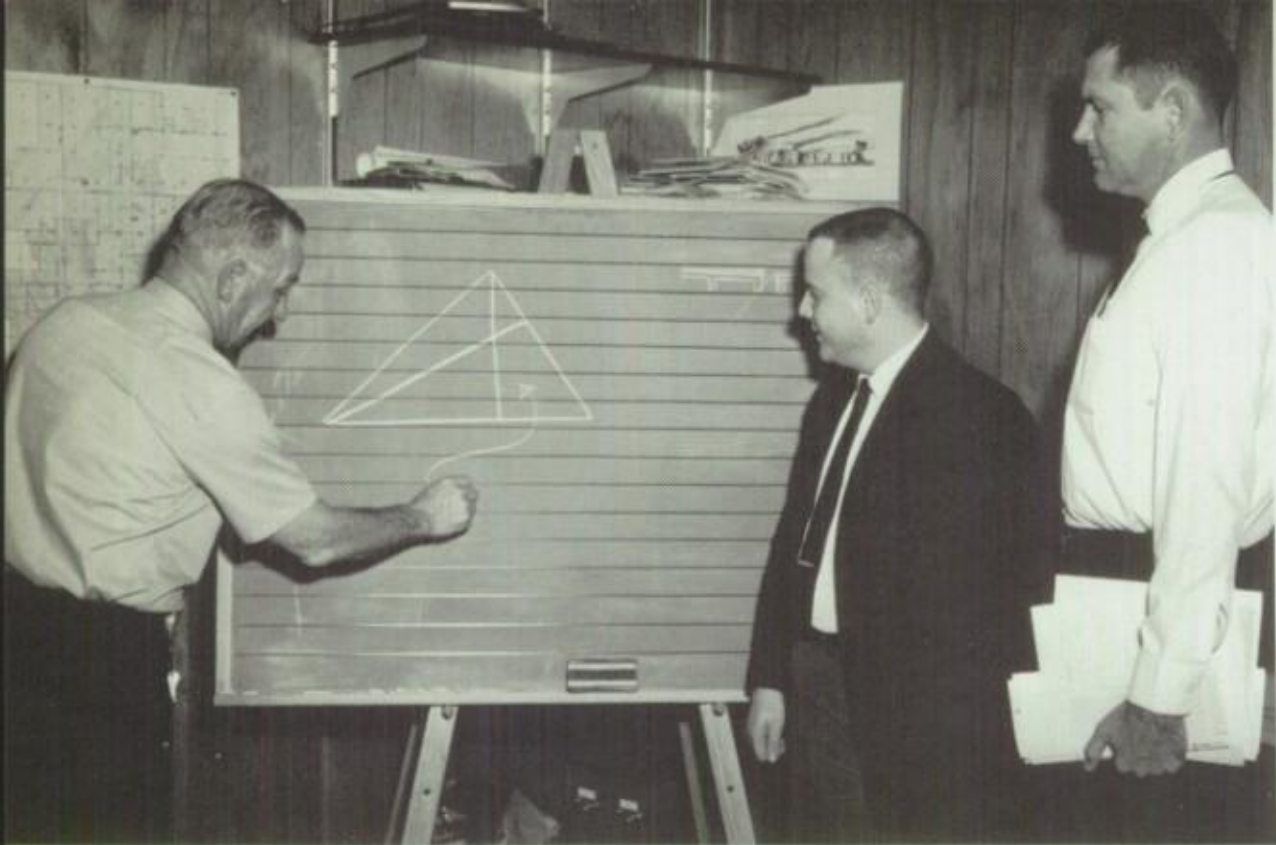

At the beginning of the year Seaman students picked up their schedule cards and began their daily routines. Not much thought was ever given to the vast amount of work put in by the guidance department in arranging these schedules so that each of the 618 Vikes could attend the classes of his choice. Early in the year and again at the semester, the spectre of students who were unsatisfied with their first choices and desired to exchange some classes arose, often causing drastic reshuffling operations.

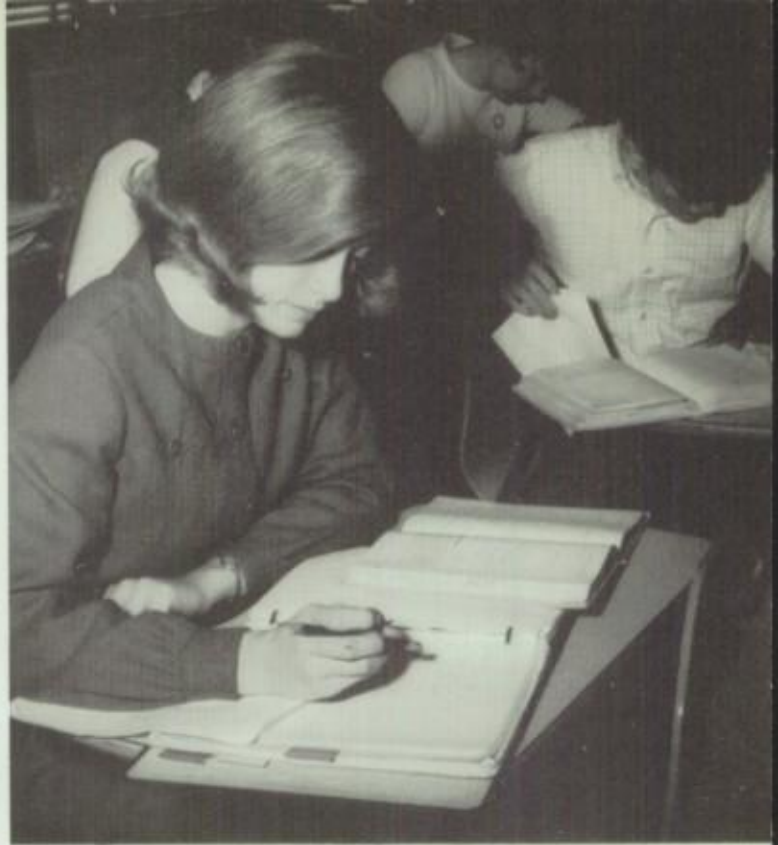

A representative of Washburn University, Mr. Luthye, talks to Mrs. Epps and Judy Reese.

SCHOOL NURSE: Penny Selby

MATH TEACHERS: Mr. Bierman, Mr. Wagoner, Mr. Johnson.

$$\frac{1}{\sec x - \tan x} + \frac{1}{\sec x + \tan x}$$

MATH REQUIRES CONCENTRATION

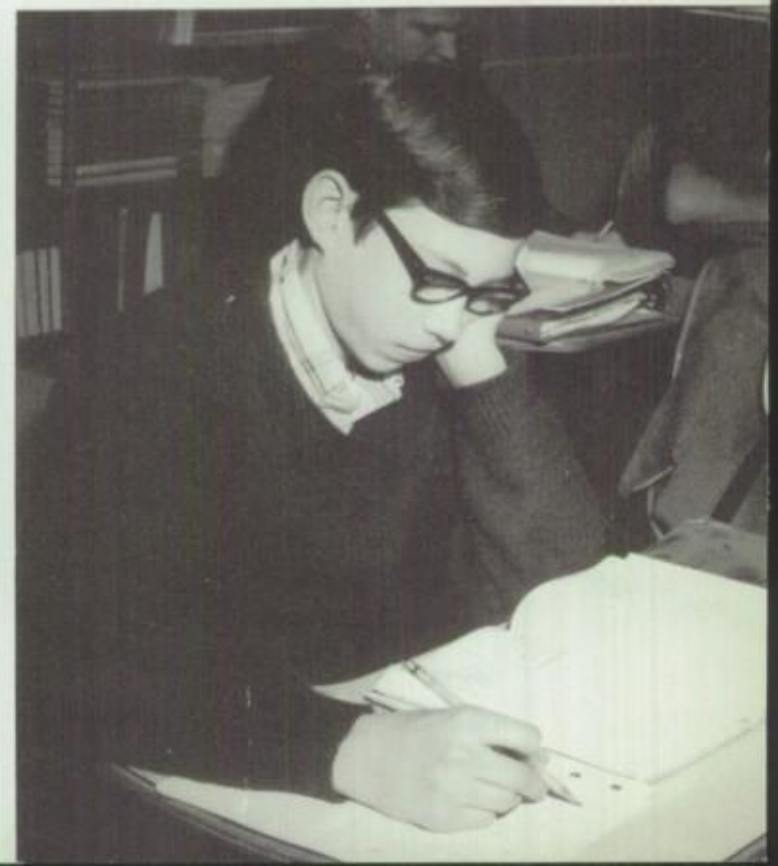

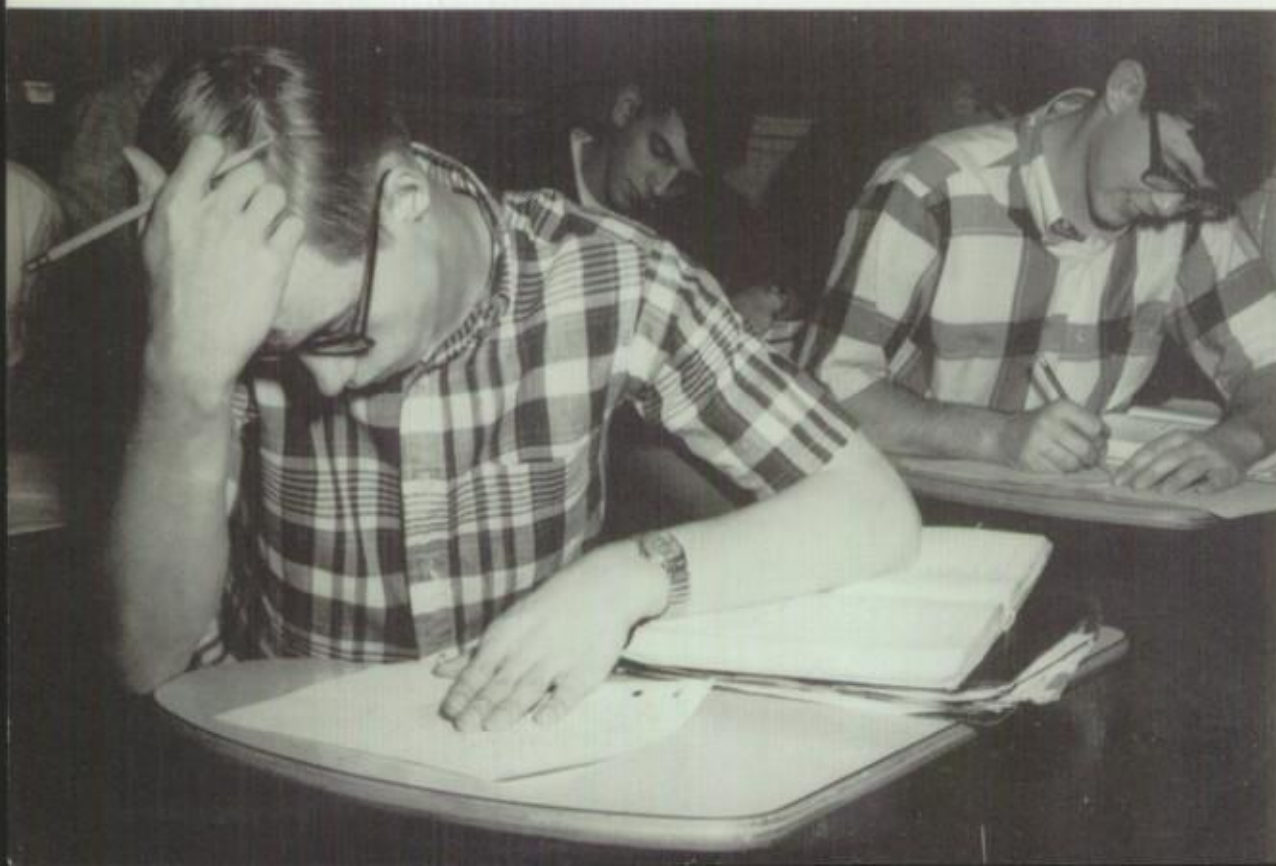

A student entering Seaman's math department has a variety of classes to choose from covering applied mathematics to calculus. This was the first year any Seaman student went as far as calculus. Robert Steele decided to advance through all high school courses available.

Although one year of math is all that is required, most students go on toward a better understanding of the field ranging from numbers to equations and from congruent triangles to trigonometric functions.

Mike Finson seems puzzled by this new math.

Connie Bodle finds that concentration is always needed in math.

Sophomores use new biological equipment.

SCIENCE TEACHERS: Mr. Freel, Mr. Willis, Mr. Glaze.

SCIENCE STUDENTS AIM FOR FUTURE

If a student had been able to take all four science courses this year, he could have observed Mr. Willis illustrate the wave principle with a "slinky-toy" in physics, traced the progress of a paramecium across a microscope slide in biology, studied the formation of the earth and strange types of rocks in earth science and produced bilious clouds of deadly chlorine gas in chemistry.

A main change from last year was brought about in the chemistry classes with the requirement that students must wear protective goggles while conducting experiments.

David Lamott mixes a solution for chemistry.
Dissecting is always fun in biology.

A student teacher observes earth science class.

Goggles are added equipment this year.

Mr. Emrich lectures to one of his history classes.

SOCIAL STUDIES TEACHERS: Mr. Kastens, Mr. Hrynewich, Mr. Keelan, Mr. Emrich, Mr. Carlson.

CLASSES EXPLORE VARIED SUBJECTS

Question: What subject area covers items ranging from the founding of Jamestown in the war in Vietnam, from battling a standard shift transmission for the first time to discussing anthropomorphism and Pavlov's dogs, and from drafting of the Declaration of Independence to the unseating of Adam Clayton Powell?

Answer: The Viking social studies program.

Composed of seven separate classes and as many teachers, it is the largest, most diverse department in Seaman. Films and occasional field trips played an important part in the program.

Probably the most active classes of this department were those of American Problems. Included in the schedules of these classes were student-run simulations of the United Nations and of mock countries which were enjoyable as well as educational.

A new addition to the social studies faculty in '68 was Karl Kastens who taught Psychology-Sociology and World History.

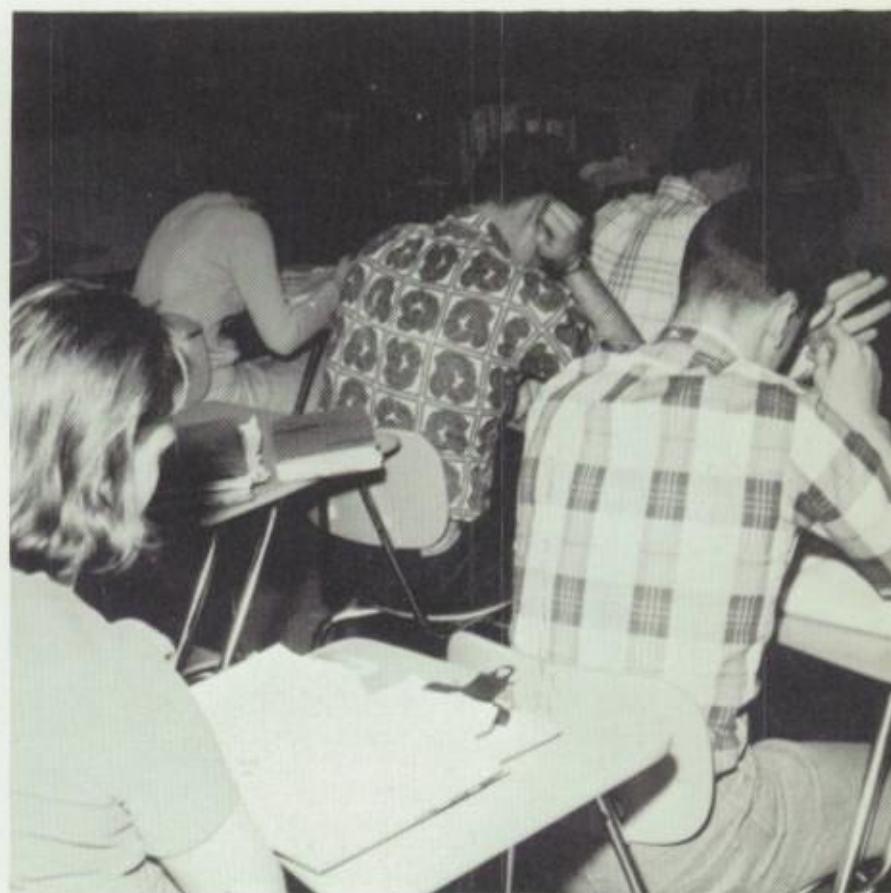

Mr. Kastens plans assignments.

Sociology students explore the subject.

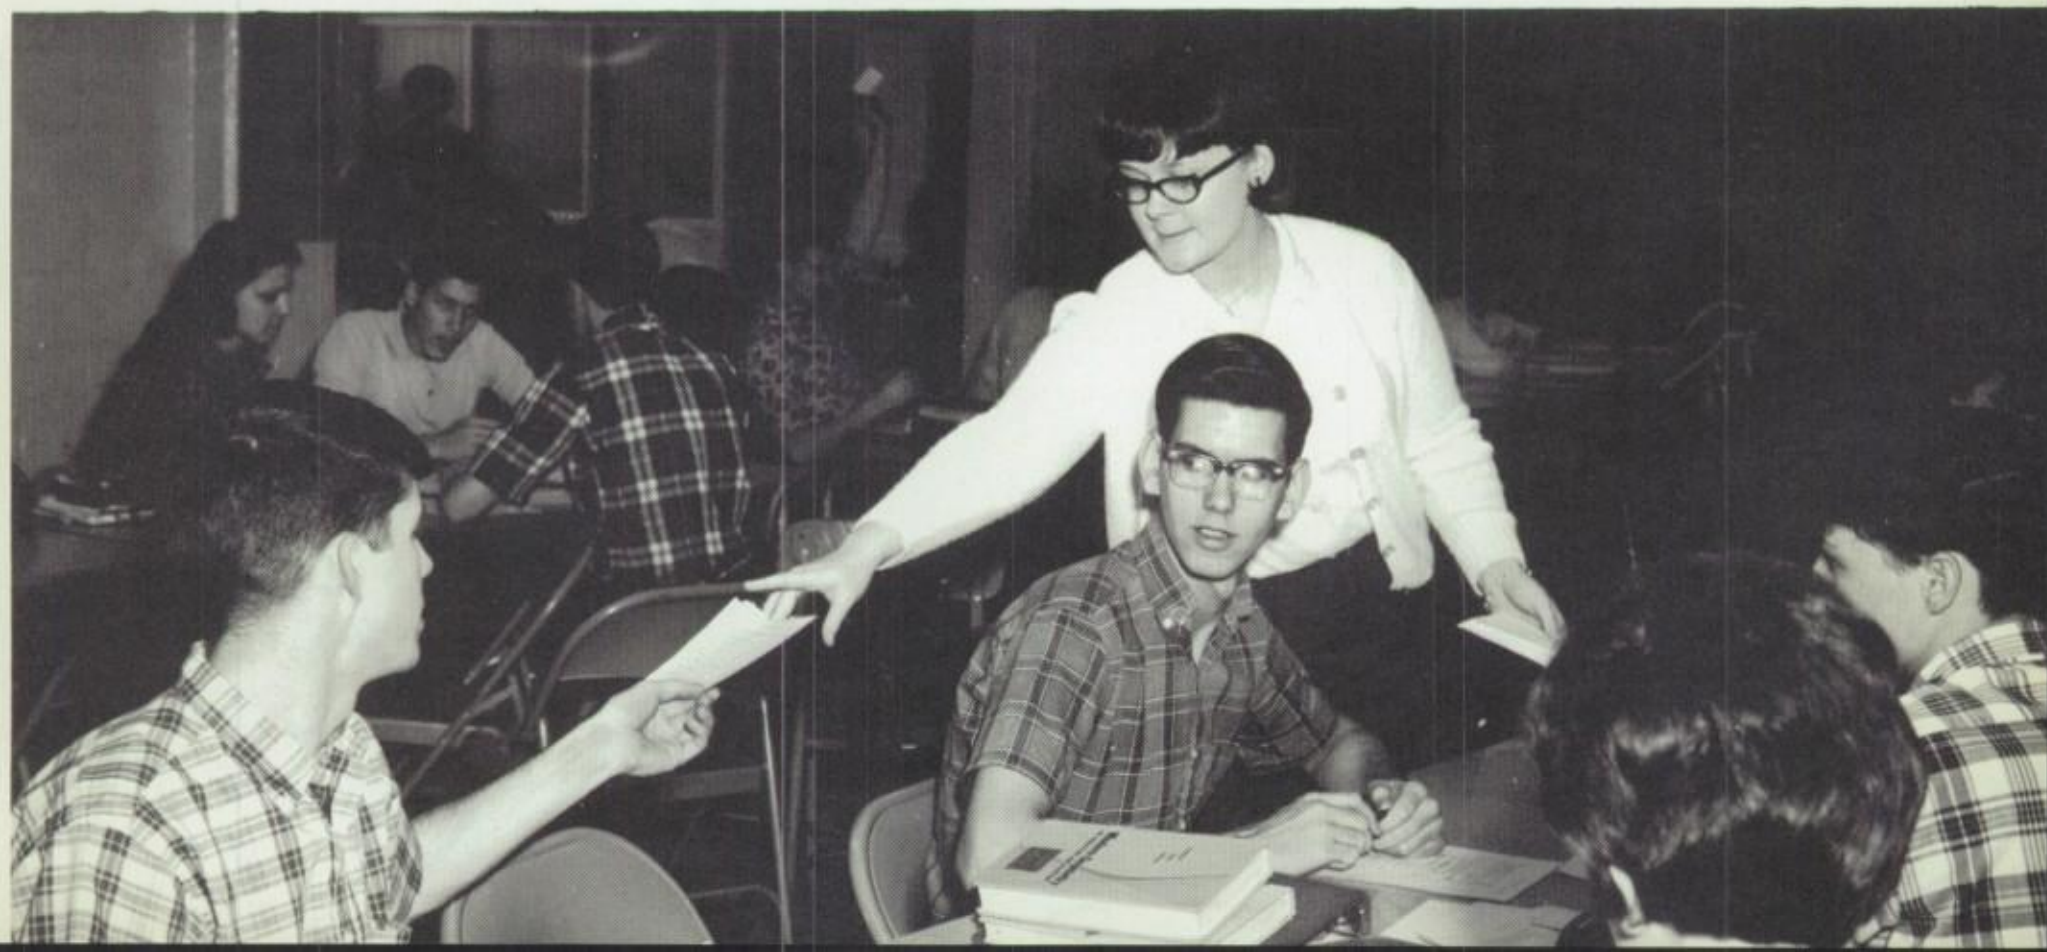

American history holds interests.

Students are intent on studies.

Simulation encourages group cooperation and international learning.

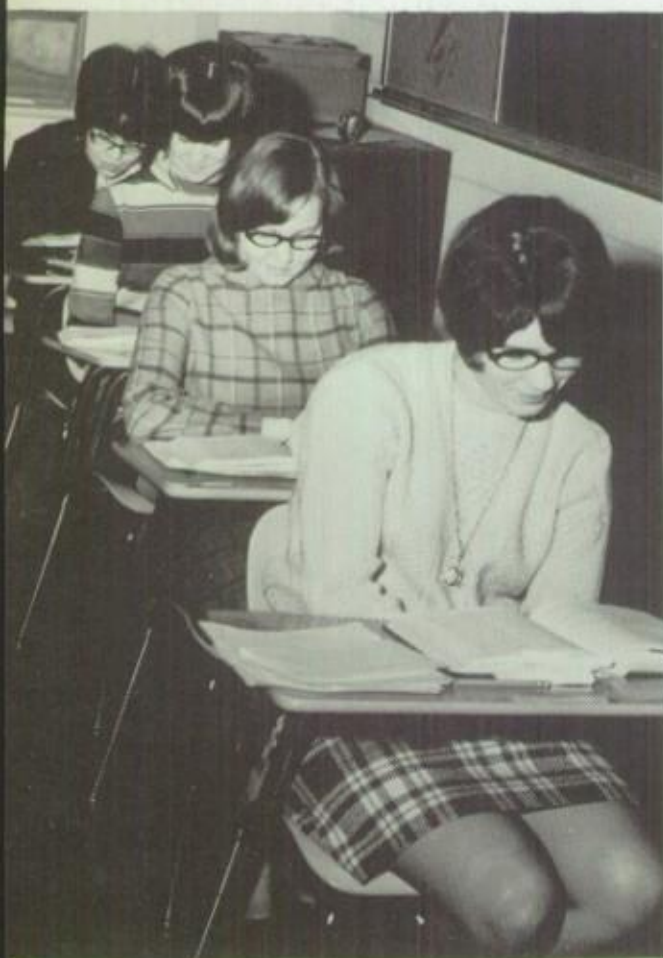

ENGLISH TEACHERS: Mrs. Shea, Mrs. Hoad, Mr. Eichman, Mrs. Donahue, Miss Zimmerman, Mr. Paine.

STUDENTS GAIN UNDERSTANDING THROUGH ENGLISH

A course in world literature, created in 1963, but dropped last year, was re-inserted in the curriculum this year. The students read and studied books such as *BRAVE NEW WORLD*, *GIANTS IN THE EARTH*, *THE GOOD EARTH*, *GONE WITH THE WIND*, and *CONTEMPORARY SHORT STORIES*.

Some of the English classes watched full-length films. These were: *EDGE OF THE CITY* starring Sidney Poitier'; *THE PEARL*; *MARY, QUEEN OF SCOTS* featuring Katherine Hepburn; *A RAISIN IN THE SUN*; *JULIUS CAESAR* with Charlton Heston; and *A CASK OF AMANTILLADO*.

Reading is a large part of the work done in Mr. Eichman's developmental reading class.

Modern world literature gives seniors a chance to catch up on current reading. Juniors enjoy the study of English.

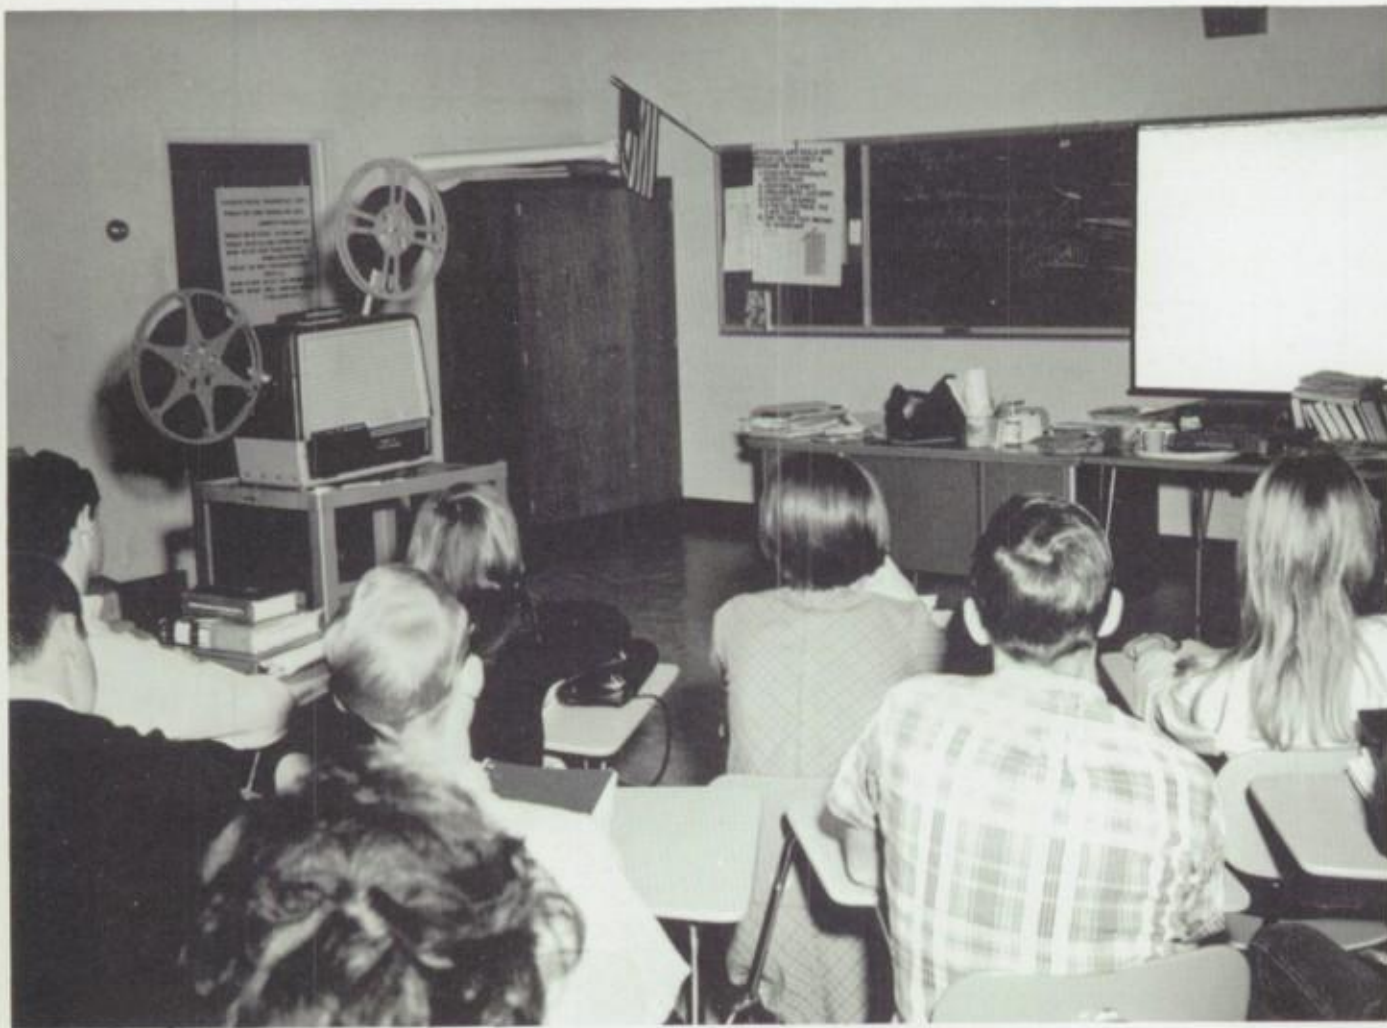

Mrs. Donahue gives Joan another assignment.

Juniors study in class.

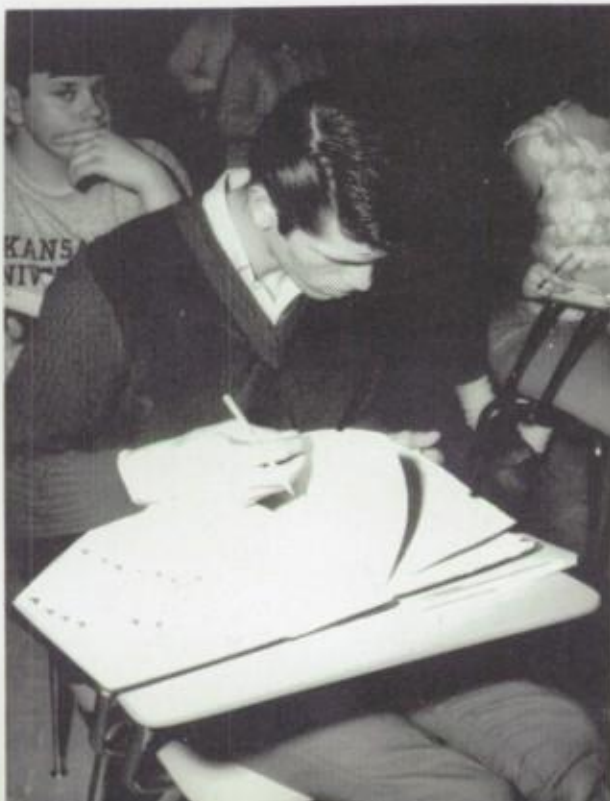

Seniors benefit from the use of films.

Dictionaries always come in handy.

Mrs. Shea enjoys lecturing.

Fourth hour students enjoy a French holiday, "Mardi Gras."

FRENCH LANGUAGE ATTRACTS

About 100 students participated in one or another of the four years of French offered by Seaman this year. Students were taught through the mediums of literature texts and recordings in the language lab.

During March the fourth hour class of third year students held a Mardi Gras party. Outlandish costumes, excess of food, and charades were the order of the day.

During the summer following the '68 school year, 10 Seaman students and 1 past graduate of Seaman (8 of whom were past or present French students) took a Foreign Language League trip to Europe. Prominent in the tour was a visit to France.

Use of the language lab helps each student individually.

FRENCH TEACHER: Miss Medford

Books and maps help bring an understanding of French a little closer.

Debbie Jones and Pam Alfen perfect their French.

SPANISH TEACHER: Miss Milev

Jan Moffit finds Spanish a most interesting subject.

Spanish students find tests just as hard in a foreign language.

SPANISH STUDENTS RATE

For the second year, third and fourth year Spanish students attended the Wichita University Concurso. They recited from memory poetry and prose readings, competing against over 400 Kansas High School students of Spanish.

In addition to using tape recordings in the laboratory, the students received practice in speaking by conversing in class with two exchange students from Mexico and Central America.

Bill Pierson recites in Spanish.

Spanish students attending Wichita and their ratings were: First Row: Linda Kingman 2, Linda Watson 3, Debbie Beach 2, Jan Moffit 1, Leslie Erickson 1. Second Row: Kevin Fountaine 3, Richard Parks 3, Gerald Parks 2, Terry Mannell 2, Dan Matney 2.

Thersa Wittman works on another type of art work involving wood.

STUDENTS INCREASE AWARENESS

In the two classes of beginning art, much stress was placed on the development of a sound foundation by learning the basic elements and principles necessary for good art work. The students of the advanced art classes had greater freedom to work in the media of their choice. While not given an assigned deadline, the students were occasionally called upon to show what progress had been made and to be self-critics of their finished work.

ART TEACHER: Mr. Thies

Ron Decker begins his drawing.

Pat Berends works on her painting.

Randy Essman and Tim Heston practice the art of wood-carving.

Joe Waterworth explains techniques of his painting to Jennie Kendall and Pat Berends.

The library--used as a natural place for studying.

Librarians organize magazines for periodical room.

LIBRARIAN: Mr. Sims

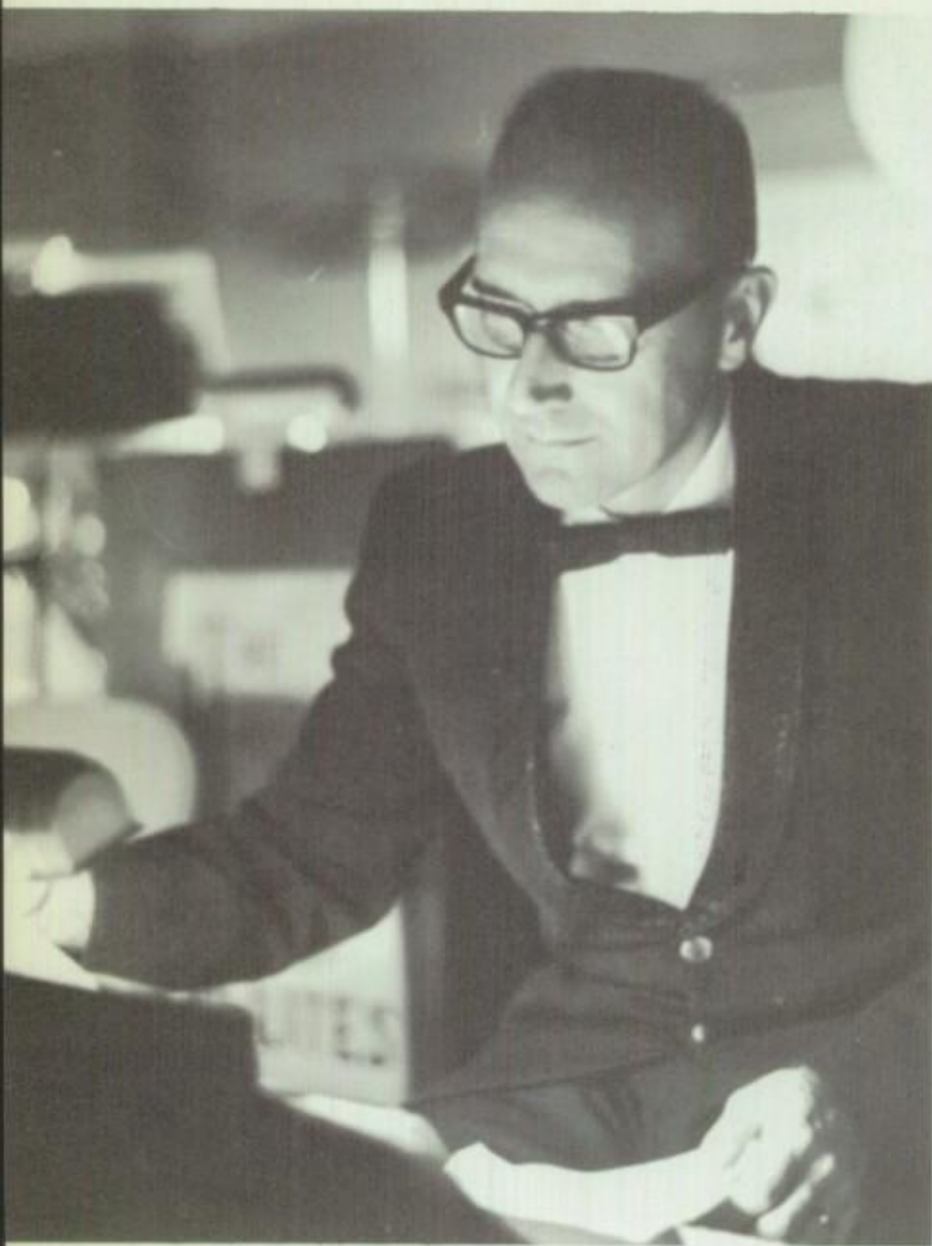

MACHINES AID LIBRARY

Performing an important service for the entire school, the thirty-six assistants (28 librarians and 8 audio-visual aides) under Mr. Sims kept the various library departments in order. The main duties were the circulation of the approximately 7,000 volumes, and the maintenance of the ever-increasing multitudes of periodicals.

Newly acquired by the library were the book-copying machine and the microfilm viewer.

A visitor enjoys the library.

BAND DIRECTOR: Mr. Stroud

BAND RECEIVES "1" RATING

For the first year in the history of Seaman High School there are two bands at Seaman. There is a Reserve Band and a Viking Band. This change was due to the large number of students involved in instrumental music this year. It also allowed for a better balance of bands.

This year's band had an exceptionally busy season. The year started with much work put in on performance rehearsals, only to have the actual shows rained out. The Pop Concert in the fall was not only a large success, but also introduced a new innovation into the Seaman band shows by seating the audience at tables cabaret-style.

Tours in the spring included out-of-town trips to Meriden and Lecompton schools. These were added to usual trips to the grade schools in the district.

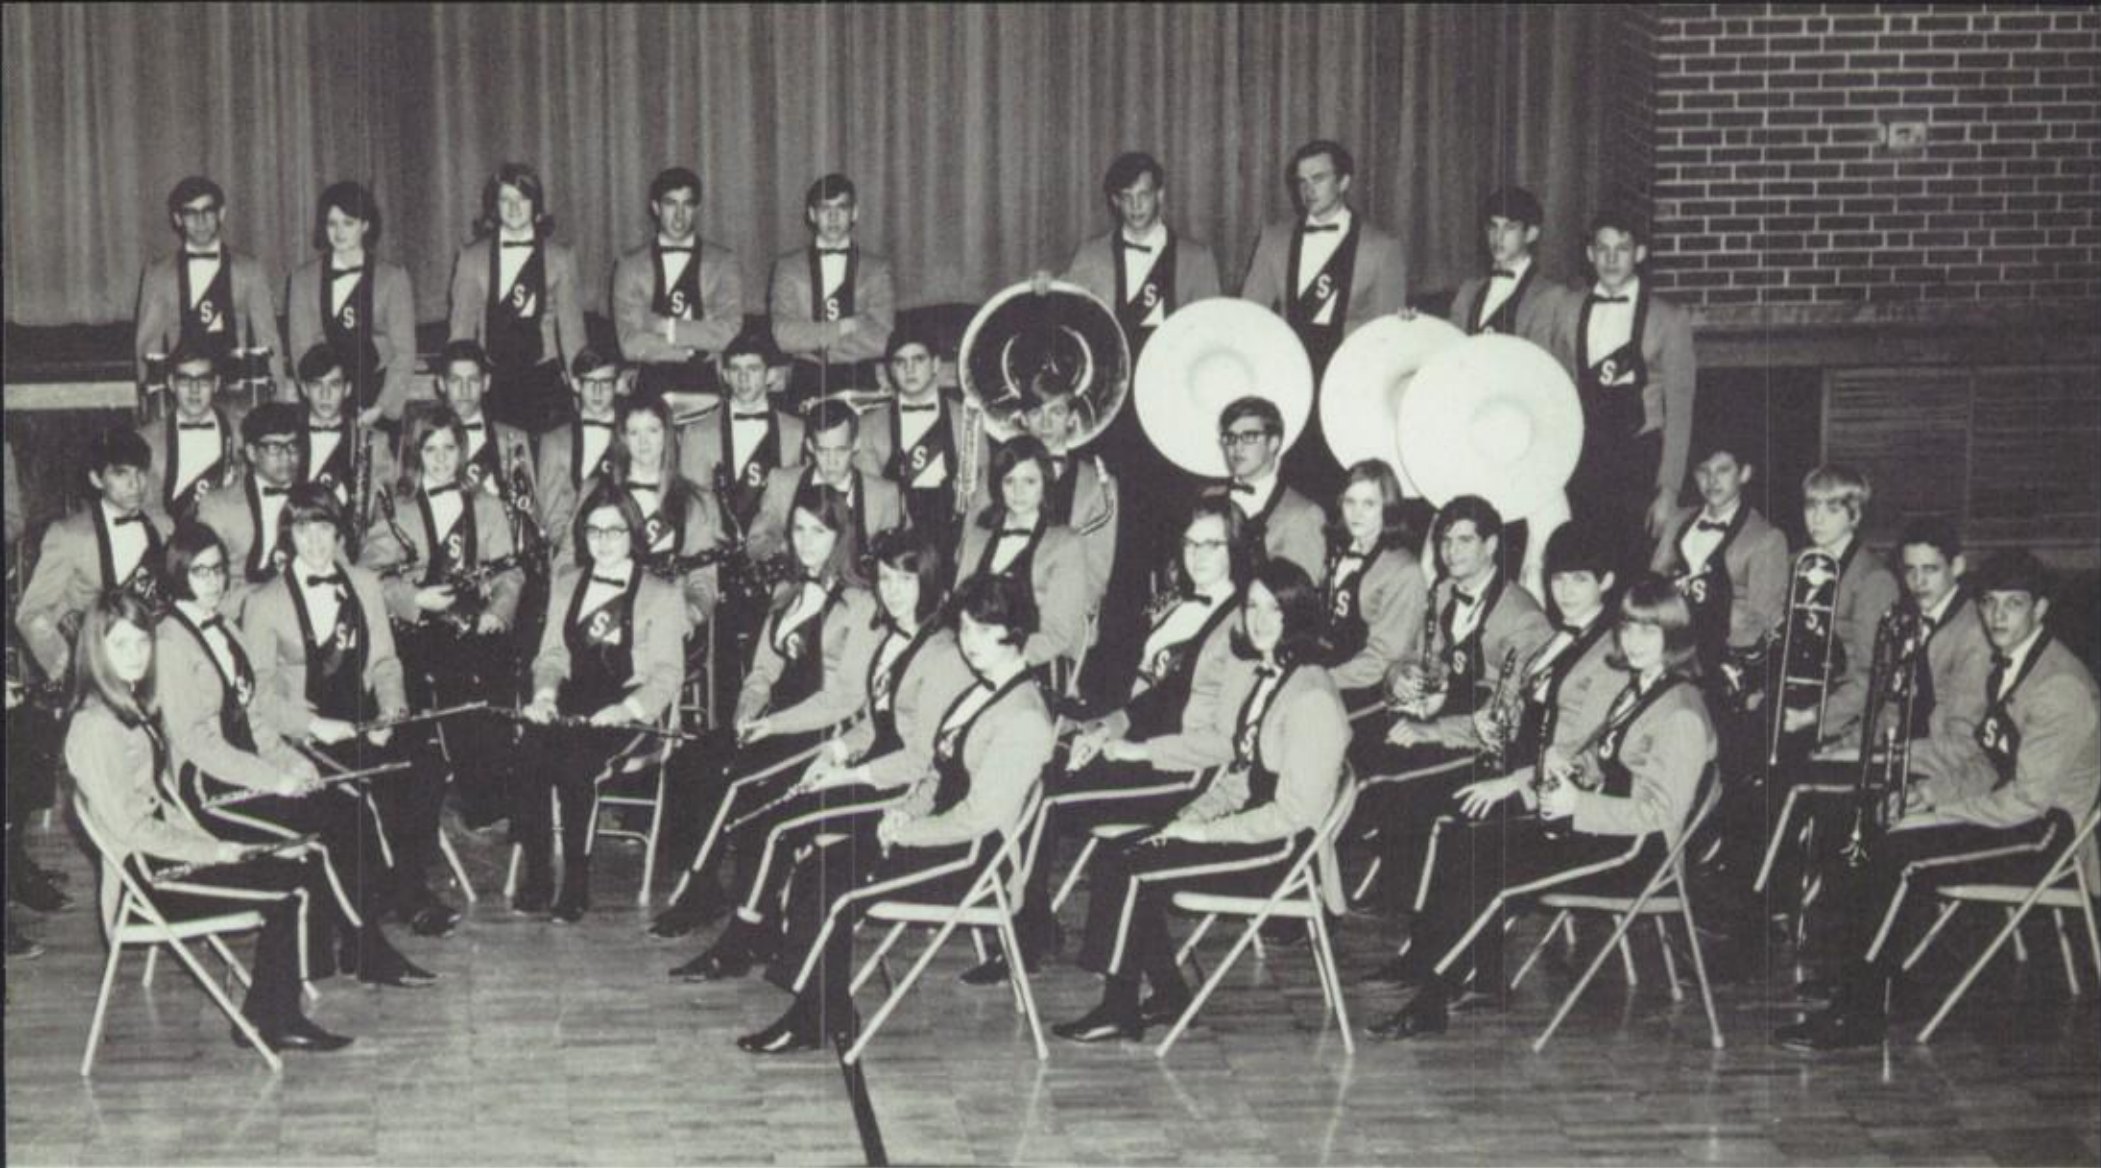

The band ended the year very successfully by receiving a "1" rating at the state music contest in Lawrence. This was the highest award a band could receive. It was the first time the Viking Band had achieved this honor.

HI-LITES PROVIDE MUSIC FOR VARIED OCCASIONS

Hi-Lites provide music for homecoming.

Fire batons add warmth to half-time show.

This year's Hi-Lites had another fine season. The group played for homecomings, winter formals, and junior-senior proms throughout the year.

The Hi-Lites did an outstanding job at the Annual College of Emporia Stage Band Clinic to which they were invited for the fifth consecutive year. The clinician was Clark Terry, trumpeter for the Johnny Carson Show.

German band's humorous music welcomed crowd to pop concert.

Ya, you've got eyes!

Annie shows Frank just how well she can shoot.

Mr. Stroud gives final instructions to the cast at the final rehearsal before opening curtain March 29 and 30.

CHORAL INSTRUCTOR: Mr. O'Connell

Choral cabinet: Kathy McIver, Vice-President; Linda Hotchkiss, President; Gloria Kelley, Secretary-Treasurer.

SEAMAN HOSTS LEAGUE CHORAL CLINIC

The most active of this year's choral groups was the concert choir whose highlight, apart from singing in the Spring, Christmas, and Pop Concert, was hosting and performing in the League Choral clinic with the Washburn U. Symphonette at which the FAURE REQUIEM was sung.

The two-year-old madrigal group, the Seamanaires, was also quite busy. It made special appearances for clubs and

groups throughout the year and sang at all the concerts. The members also set a precedent for Seaman vocal activities by singing patriotic selections at the naturalization ceremony of several immigrants seeking citizenship.

During the Christmas season both groups were featured on WIBW-TV and WREN radio in caroling sessions.

Concert choir and band combine for a final song at the fall Pop Concert.

Chorus students relax after their part of the Spring Concert is over.

Alanna Buck and Tom Johnson practice the art of typing.

BUSINESS COURSES HELP TRAIN FOR FUTURE

The classes offered by this year's business department were business machines, taught by Mr. Pierce; book-keeping, taught by Mr. Bierman and Mrs. Norris, who was new to Seaman this year; shorthand, taught by Mrs. England and Mrs. Woodburn, who also taught office practice; and typing, which was instructed by all the women business teachers.

Speakers representing various areas of computer usage were heard by the students in office practice. The office practice and business machines classes also made a field trip to the computer and key punch departments at Santa Fe.

Vikes enjoy shorthand.

BUSINESS EDUCATION TEACHERS: Mr. Bierman, Mrs. Woodburn, Mrs. England, Mr. Pierce, Mrs. Norris.

Taking dictation plays a big part in shorthand.

Mrs. England helps Linda Noller with her typing.

SKILLS MASTERED

Two new classes made the vocational scene this year. These were welding, taught by Mr. Eldon Hill, and home mechanics, instructed by Mr. Hoch. The latter was involved in such subjects as manners, mental health, boy-girl relations, parent-teenager relations, repairing household items, in the shop, and a section on handling income taxes. Arranged through this class was an assembly in which ex-convict Bill Larsen of the Seventh Step program and a prisoner of Leavenworth spoke. In home economics the senior girls concentrated largely upon foreign foods and making spring coats.

STUDENTS WORK

T AND I

The Trade and Industry class, this season in its fourth year of operation, was composed of 13 students. Every day, after attending three hours of regular classes, students departed to learn vocations in working situations. Grades were determined from employer reports and surveillance by the class co-ordinator, Mr. Henry.

TRADE SCHOOL

The courses offered by the trade school this year covered a wide scope. Among these subjects were Auto Repair, Electricity, Photography, Practical Nursing, Data Processing, Printing, Machine Shop, Welding, Civil Technology, Drafting, and Radio and TV Repair. These apprenticeship jobs were offered because they were the occupations most in demand in Kansas.

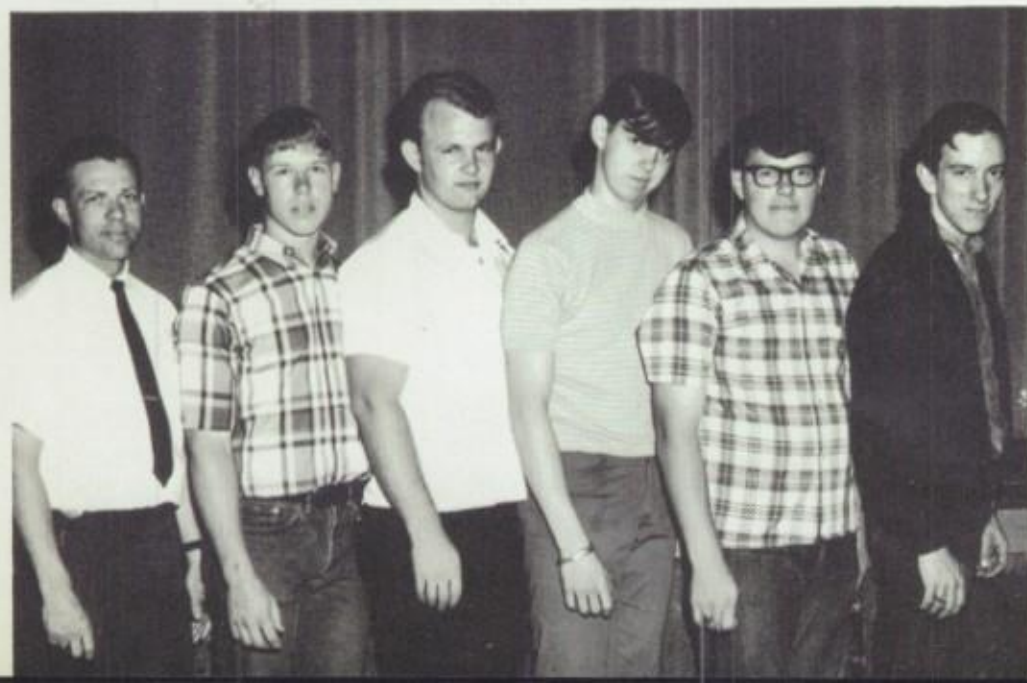

1st Row: Joyce Brown, Larry Tiffany. 2nd Row: Ken Casto, Duane Miller, Allan Jackson, Jack Puett.

AG. RELATED

There were seven students enrolled in the Agriculture Related classes this year. Students were involved in such jobs as dairy farming, advertising, working at grocery stores, and as cafeteria help. Each Ag. Related job was required to have been connected in some way with food, plants, or animals.

GIRLS' PHYSICAL EDUCATION TEACHER: Miss Guy

PHYSICAL HEALTH IMPROVED

The main goal of the physical education department is to make each student a healthier and more capable person. In the boys' classes (3 instructed by Coach Mosley and 2 by Coach Glaze) this was brought about by working on wrestling, gymnastics, volleyball, weight lifting, archery, agility drills, and other strength and balance building activities.

The girls' classes, this year under a new teacher, Miss Guy, went through a program including badminton, volleyball, calisthenics, and work on such gymnastics equipment as the trampoline, the uneven bars, and the balance beam.

CATEGORIES HIGHLIGHTS YEAR

A major landmark in student exchanges was reached by the '68 SAC with the Vike's participation in an all-city exchange. During each day of the exchange, students, representing special interest groups from Seaman and other Topeka schools, attended classes at another school.

Striking out in another new direction, the council sponsored the competition of five students on the WDAF television quiz show, CATEGORIES. The students were Clydeen Eller, Lucy Burris, Francis Bonny, Allan Short-hill, and Doug Tilghman. These five were picked by the seniors on the SAC from a list of students recommended by the faculty.

The council also established the office of historian within the group. The duty of this officer is to keep a record of all activities of the SAC. Another rule was passed which required all clubs to turn in constitutions to be approved by the council.

STAFF CREATES '68 LOOK

After soaking up ideas incorporated in back copies of THE SEAMAN and yearbooks from other schools and splitting up in order to attend simultaneous yearbook clinics held at K. U., Washburn, and K.-State, the staff of '68 began production on this year's contribution to Seaman society.

Although specific jobs were assigned, inter-departmental suggestions and assistance were both necessary and desirable.

Staff members: Tina Moore, Liz Workman, Karen Entriken, Beverly Martin, and Linda Fleeman.

Aided by the acquisition of new darkroom facilities, the 1968 Clipper staff successfully met its deadline 18 times this year under the able leadership of Tina Moore, editor, Greg Sorber, student adviser, and Mr. Paine, adviser.

Early in the year, members of the Clipper staff accompanied yearbook workers to conferences at both K. U. and K-State. In May the staff was notified that the Seaman Clipper had tied with Lawrence for third out of fifty competing schools in the William Allen White Journalism contest at K.U. Receiving first in State were Greg Sorber, photography division, and Suzanne Meek, retail advertising.

HEART SISTER WEEK

Providing a rather unforgettable experience for this year's members of Vi-Queens was an exhibition of the womanly art of self-defense put on by three students from Northern Hills Junior High and their instructor, Mrs. Bradbury. A few fundamental holds were shown and illustrated on each other and a luckless Vi-Queen member.

DELIGHTS VIQUEENS

At both Halloween and Christmas the club sent decorative favors to hospitals in Viet Nam through the Red Cross. The members also presented \$50 to Jake Appelhanz towards a tape recorder and bought records for the school library.

Toward the middle of the year the members applied their imaginations in order to baffle their respective heart sisters in the annual Heart Sister Week.

VIKING CLUB CONTRIBUTES MONEY

Though slowed down in its money-making by the limiting of candy sales this year, the Viking Club still maintained its tradition of activity. Among the service enacted by the group were the furnishing of the band for the Homecoming dance, the contribution of \$100 for the Winter Formal band, and the purchase of a tape recorder for use by Mr. Carlson to aid the basketball team.

In November the Viking Club cabinet, accompanied by sponsors, Emrich and Hoch, became pro-football fans and traveled to Kansas City to watch the KC Chiefs play the Denver Broncos.

VIKINGOS ESPAÑOLES

Starting out the year with the election of officers, the Spanish Club followed up in October with a meal of tacos, enchilados, and assorted other Spanish foods at La Siesta. During the year, the members made two trips to Kansas City to watch the films GONE WITH THE WIND and CAMELOT, one trip to K. U. for Cervantes Day, and one to Lake Shawnee for the annual Spanish Club picnic. Occasionally the club held bake sales as money-making projects.

In honor of the departing senior members a banquet was held at Helen's Party House featuring French menus, poetic gifts, and the music and comedy of former Seaman students-Sandy and Dan Sterling and Richard Andres.

Later, a Bon Voyage party was given in order to provide a grand send-off for the students participating in the FLL European tour.

"GET WITCH QUICK"

Craft College, the scene of this year's play, is unique in that 100% of its student body majors in witchcraft. As graduation time nears, one of the faculty witches falls victim to a defective spell and must be replaced by a disgustingly mortal man. The smartest of the student witches, however, finds the substitute not so disgusting and as their attraction grows, her powers disappear, dropping her from the list of candidates for a job as Resident Witch at the White House. Under the influence of a spell by the Head Sorceress of the college, the dunce of the class becomes temporarily able enough to pass the government test and to land the appointment.

New to Seaman activities this year was the Key Club. This is a boy's service club which was organized in December and sponsored by the North Topeka Kiwanis Club. The members quickly conceived a contest in which points could be given or taken from the sophomores, juniors, seniors, or faculty by the strategic donation of coins. The juniors lost and their representatives were given the full penalty: a bombardment of pies. The funds taken in were used to gravel the east parking lot. Other services performed by the club were ringing Salvation Army bells at Christmas and helping deliver items sold on the Kiwanis Club TV auction.

VICA CELEBRATES NATIONAL WEEK

There were 2,000 chapters of the Vocational Industrial Clubs of America this year with a membership of 60,000 trade and industry students and a potential of 1/2 million. In honor of this organization, Governor Docking, Mayor Wright, and other officials throughout the nation proclaimed March 10-16 to be national VICA Week.

At Seaman, 11 out of the 13 T and I students joined the Viking chapter. Early in the year the officers of the club went to the Fall Leadership Conference at Emporia. Most of the season was spent in preparation for the Spring Contests in which students in both skilled and unskilled fields of labor participated.

BOOKWORMS' BOOK SALES INCREASE

1968 was the busiest season ever for this year's Bookworms' Club with activities directed mainly outward. At meetings the members read and discussed three books: TO SIR WITH LOVE, BLACK LIKE ME, and WAR AND PEACE.

The best known function of the club was the maintenance of a bookstore at which \$800.00 was grossed from student and faculty purchases. Another important Bookworms' activity was the editing and publishing of the second annual literary magazine, much more sophisticated in printing and binding than last year's. Plans were made for a cookbook of unique, student-recommended recipes, to be published next year.

Bridging the gap between literature and theater, the members watched the play THE DRUNKARD and ate at the Gage Center Restaurant, and, along with assorted English students, went to K. U. to see Macbeth.

ART CLUB INITIATES 1ST ANNUAL

SEAMAN ART SHOW

Officers: Barbara Bierman, Beth Jackson, Karen Entriken, Larry Beach, Beth Langston.

Under the sponsorship of Mr. Thies, the Art Club was particularly active this year. Trips were taken by the club members along with a few Advanced Art students to the Wichita Art Museum and the High School Art Conference at the University of Kansas.

By far the most ambitious of the club's activities was the conducting of an Art Show. The work judged to be the best was bought by the club and given to the school to be placed on permanent display and a purchase award of a \$25 Savings Bond was given to the artist who created it.

F.H.A. DOUBLES MEMBERSHIP

The Future Homemakers of America were particularly active this year. Before school began the group welcomed the incoming sophomores with a watermelon feed. Early in the year they hosted the District & Fall Conference which was attended by 480 girls from 23 schools. The members also decorated the stage for the homecoming dance, worked with the Home Ec department in presenting the style show, attended a tour and tea at the Governor's Mansion, went to Hospitality Day at K-State, held a Parent-Daughter Banquet, and doubled their membership.

This year Judy Ball served as District & 2nd Vice President and Jane Pollom was elected President of District for the 1968-69 term.

The Seaman Chapter of the Future Farmers of America was active on the local, state, and national levels. The state champion dairy judging team of Bob Bailey, James Crawford, and Jim Hermann participated in the National Dairy Cattle Judging Contest held in Waterloo, Iowa, where the team placed in the bronze emblem division and Jim Hermann placed in the gold medal division. A gold, a silver, and a bronze emblem award were won by the chapter's officers and sub-stitutions at the District Leadership Contest. Some of the members visited the National FFA Convention in Kansas City in October. A second place chapter award was won by the members at the East Central Public Speaking Contest at Eskridge. Bob Bailey was named star chapter farmer of the Seaman Chapter.

FTA STUDENTS TEACH

Students participating in the Seaman FTA club this year took large steps toward a career in teaching. The members earned points for FTA pins by performing such duties as taking roll, grading papers, typing, and tutoring. There were 19 students who practiced teaching in district schools for a day. Early in the year, the club held a teacher appreciation week when they named Miss Miley and Mr. Glaze the teachers of the month.

BANK REACHES MILLIONTH DOLLAR

After the Seaman Bank had finished the year's business it had handled well over one million dollars in both deposits and checks. The bank, in its 41st year of operation, was thought to be the only completely student-run organization of its type in the entire nation.

The four seniors and six juniors who staffed the bank changed jobs every three weeks with the exception of Richard Porubsky who constantly maintained his post as President.

At the conclusion of the year the bankers and the bank sponsor, Mrs. Woodburn, held their annual banquet, financed by profit from interest on loans.

NFL MEMBERS GAIN ACHIEVEMENTS

This year was a season of change and activity for the debaters and NFL members. There were only two returning debaters and fourteen novices forming this young and inexperienced group, but this did not stop them from earning high honors. Due to their efforts Seaman rose from fortieth place in NFL ranking to twenty-third and placed high in two debate tournaments and four forensic festivals. Three National Forensic League members (Tina Moore, Karen Entrikin, and Jim Swafford) won Degrees of Distinction.

At the Honors Assembly at the end of the year an attache case was presented to Jim Swafford, the outstanding debate and forensics student of 1968. The presentation was made by Mrs. Shea who sponsored the forensics activities and who was new to Seaman this year.

MATH CLUB CALCULATES

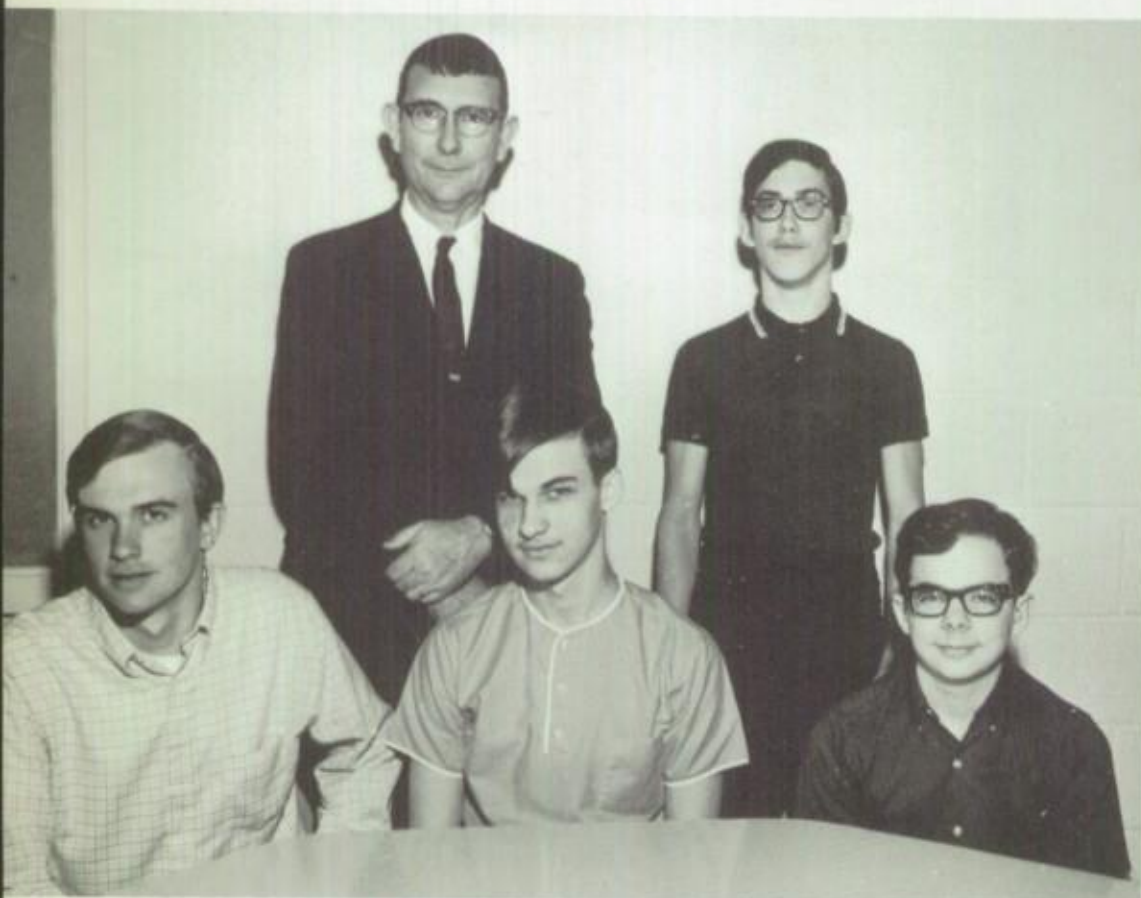

Seaman math students profited this year through several guest speakers relating math to everyday procedure. Mr. Pollom showed the mathematics involved in the field of insurance. Conant Wait spoke on the mathematics of banking. Also Dale Rimmer from IBM showed a film and talked on necessary math background in designing and running computers. Other speakers included Matt Cusick from Capitol Federal and Ralph Tice from the weather bureau.

Additional activities included the buying of a new game table for the library, serving refreshments and acting as a guide in the mathematics round table at teachers' meetings, and running the school supply machines.

SCIENCE CLUB EXPLORES

Because of a shortage of members, scheduling problems, and a couple of strokes of bad luck, the Science Club was rather inactive this year. The members, sponsored by Mr. Freel, had planned to hold a varsity in conjunction with the Math Club, but a band within the expense range of the clubs could not be found. Plans for a camping field trip were likewise foiled by rain.

A high spot of the year was a speech by Seaman teacher Don Hoch during which he displayed his collection of unusual and rare rocks.

P. C. POINT SYSTEM CHANGES

This year, in order to encourage support of all the Viking athletic programs, the point system was changed to include wrestling, gymnastics, cross country, golf, and tennis, and all the B-team and sophomore games in the major sports. The ensuing crowds of cheering onlookers spurred the participants of these formerly poorly attended sports to one of the best all-around seasons yet.

New uniforms were acquired for A and B-team cheerleaders, and the club carried on its yearly practice of selling spirit ribbons and Viking booster buttons.

Pep Club operated under the sponsorship of Mrs. Carol Rhea and two new sponsors, Miss Guy and Miss Zimmerman.

FOOTBALL TIES FOR THIRD

Although not quite reaching the expectations of a pre-season poll in which the Vike gridders were predicted to finish in a tie for first, the final result was a winning season and a tie for third with Hayden. Both teams scored a 4-2 league record, overpowering the 1-5 seasons of Highland Park, Washburn Rural, and Shawnee Heights, and finished just behind Atchison and Leavenworth, who had 5-1 seasons. Overall, the Vikes posted a 5-4 season.

Even though this year's bid for the league title was blocked, the senior men didn't play on a disappointing team in their high school career. They finished with a record of 17 wins, 9 losses, and 1 tie for three complete seasons.

Paving the way for Seaman's impressive record were: Bill Mosley, head coach; Ray Glaze, backfield coach; Don Hoch, line coach; and Eldon Hill, defensive line coach and a new addition to the Viking football staff.

Assistant coaches: Don Hoch, Ray Glaze, and Eldon Hill.

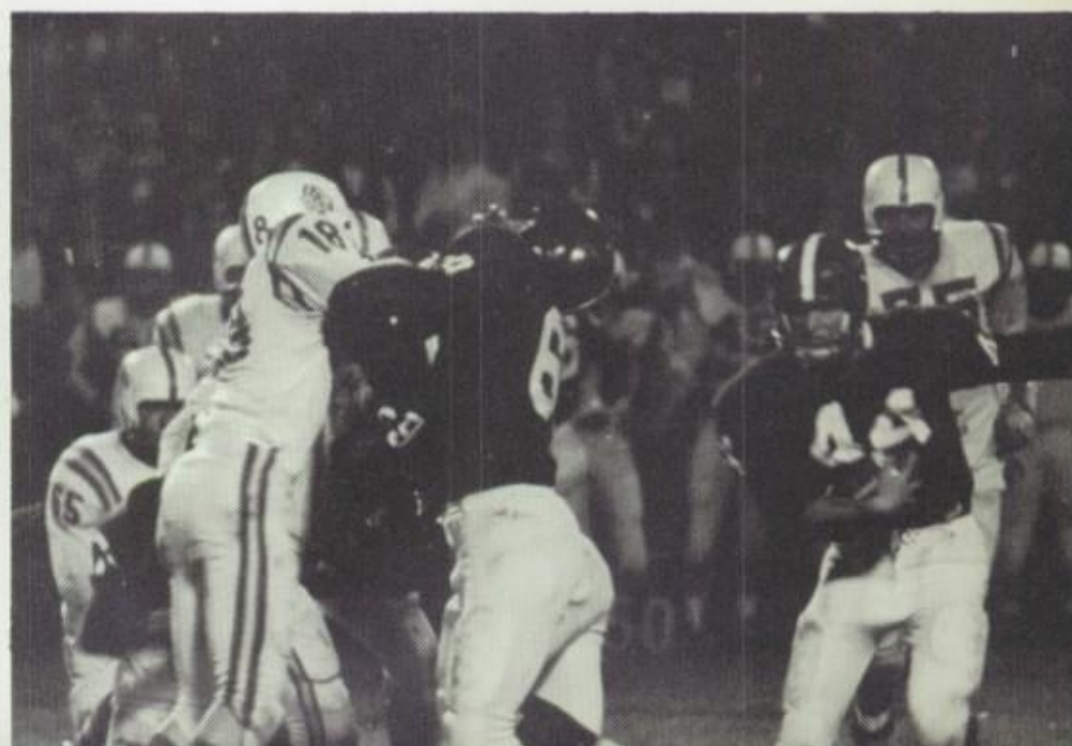

Dale Sample plows through Atchison line.

Lewis and Hodson close in on play.

VIKINGS ZIP TO 8-0

In the first game of the season, by exhibiting a run and gun offense, the Vikings defeated Olathe 106-57. Going into the Atchison game with a 3-0 overall record and a 1-0 league record, Seaman emerged with an 80-62 victory over the 8th ranked Redmen. This victory prompted the sportswriters to place the Vikings into the ninth spot in State AA rankings.

The Tonganoxie Tournament was another high spot in which the Vikes defeated 1st ranked BB Dwight in the finals to win the trophy.

The Vikings won the first eight games of the season and ended with a 14-6 record. The state AA rankings included the Vikes until the last week of the season with a high of 5th place. This year's team was the first state-ranked team ever to be produced by Seaman.

Leading Seaman throughout the year were Jerry Thornburg and Ron Blanton, who were the leading scorers in the city, and the team quarterback Rick Henderson. Seaman also led the city in offense.

HARRIERS FINISH FIFTH

Although the Seaman distance men finished with a disappointing fifth place, there were some high spots in the season. One of the best was the speedy 10:46 time set by Mark Garner at the Ottawa meet.

Out of the eleven Vikes on the squad, there were seven lettermen: Larry Beach, Eric Freel, Fred Melvin, Richard Garanson, Mark Garner, Dennis Lytle, and Eric Tenpenny. These seven competed in the required four A-team meets and the regional tournament.

TRACK TEAM SWEEPS TWILIGHT RELAYS

Although there were no meets or tournaments held on home grounds this year, the Vike track team did participate in eight away meets and the state indoor and outdoor tournaments and continued its new tradition of shattering records. New school high marks were set in seven events and tied in one. George Mayfield tied the state indoor record in both the 70 yd. low hurdles and the 60 yd. dash. The team took first in the Washburn Rural triangular and the Shawnee Heights Twilight Relays, which was won by the largest margin in its history as Seaman took first in six events.

Qualifying for the state tournament were Don Perkins, who placed fifth in shot put, and the mile relay team, which had the best time in the qualifying heat but slipped to fourth in the finals due to a dropped baton.

GYMNASTS EARN TROPHY

This year's boys' gymnastic team finished a successful season. They placed third in the Olathe Invitational to earn Seaman's first trophy since the forming of a gymnastic team. Another high spot in the season was a second place finish in the Centennial League. Top Scorer for the team was junior Mike Thomas, League champion in still rings and floor exercise and seventh in state in still rings. Together with seniors, Gerald Parks and Robert Kelly and junior Mark Garner formed the nucleus of the team.

Lettermen were Mike Thomas, Gerald Parks, Robert Kelly, Mark Garner, Jim Tice, Ron Puett, Jim Buswell, and Jack Nixon.

The girls' gymnastic team gained experience this year, having a team consisting mostly of sophomores. Although they failed to win any of their meets, the returning squad shows potential.

Lettering this year were Linda Pickett, Jo Terry, Roberta Jones, and Pam Kopp.

GRAPPLERS SEND FOUR TO STATE

After gaining experience during last year's rather disappointing season, this year's team of matmen came on strong, finishing the season with a 6-1-1 record in dual meets.

The grapplers also had a successful year in tournaments, placing second at both Clay Center and the Centennial League meets. Injuries later brought the Vikes down to eighth place at the District Tournament, but they still sent four boys to the Regional and State contests: Jay Sells, Robert Steele, Mark Hodson, and Dennis Switzky. Switzky was the hero of the season, finishing with a record of 27 wins and no losses and becoming Seaman's second state champion.

GOLF TEAM REBUILDS

For the second consecutive year, the Seaman golf squad finished last in the Centennial League. Taking on the job of coach for the first time this season was Mr. Hill. The team was made up of four seniors, three juniors, and three sophomores. Dennis Switzky and Alan Sester led the team, shooting consistently in the 90's.

NETTERS HAVE WINNING SEASON

The Seaman tennis team finished an outstanding season this year by winning 6 out of 7 dual meets and placing second in the Centennial League. Playing in the number one position for the year was Robert Kelly. Robert placed fourth in the league and won several dual meets.

Lettering were: Robert Kelly; Dale Sample; Don Tillman; Robert Smith; Dennis Scheetz; Robby Corbin; and Steve Cagle, fifth position player, who was undefeated in dual meets.

Going Somewhere? so is Washburn University.

No standing still for us. Just as you, Washburn wants to move ahead, to accomplish things.

Washburn is large enough to help you do just that...large enough to provide quality education but small enough to let you be an individual...large enough to provide all the excitement of sports, contests and social events but small enough to give everyone the chance to participate, to succeed.

And Washburn is continually expanding its horizons... just as you are. The new fine arts center contains facilities unmatched in the Midwest; a modern communications center will provide educational and closed circuit television.

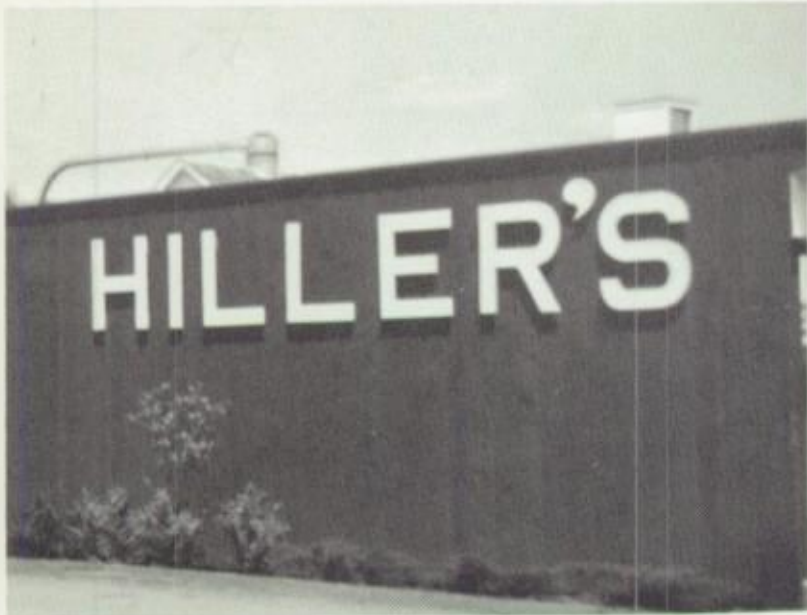

If you're going somewhere...write the director of admissions, Washburn University, Topeka. We can go along together.
